

Legal and financial resources

Dealing with money and legal issues is never easy. Your EAP gives you access to a nationwide network of attorneys and financial coaches to help you with life's challenges.

Legal assistance

We offer two tiers of legal help:

Advice – Most of the time, you don't want or need to retain a lawyer. We can help you with your concerns by phone at no charge.

Local referral services – If you have an immediate need for an in-person legal consultation, we'll refer you to a local lawyer for a free 30-minute consultation. Many of the lawyers we work with provide a discount on their hourly fees if you need additional help.

Financial coaching

Our financial consultants offer confidential support, educational materials and resources to help you improve your financial health and reduce your anxiety. Our areas of expertise include:

- Bankruptcy prevention
- Budgeting
- Credit report review
- Debt reduction and management
- Estate planning
- Financial fitness and planning
- Foreclosure prevention
- Housing education and purchasing
- Long-term goal setting

Additional resources

TaxSlayer is tax preparation software that includes the resources you need to file your federal and state taxes. Costs vary. Sign in at **hpeap.com** and look under Centers.

Download **Quicken WillMaker & Trust** for free. This software helps you create an estate plan. Sign in at **hpeap.com** and select Financial/Legal Center.

Sign into **hpeap.com** to access hundreds of articles, on-demand seminars and educational resources about a variety of legal and financial topics.
