

Employee Assistance Program (EAP)

Mental health resources

So many of us struggle with mental health issues – increased stress, anxiety and burnout can affect everyone. We have resources available to help and make sure you don't feel alone.

24/7 resources

Employee assistance program

We're on your side when times get tough. From everyday struggles, stress, grief, difficult relationships and more, we're here 24/7. Our free and confidential support is available to you and members of your household.

Behavioral health navigators

When your situation isn't a crisis but requires a safe guiding hand, you can turn to our behavioral health navigators. They'll help you find a provider who's been through this before and will work with you to find the best psychiatric support. This service is available to all HealthPartners plan members.

Crisis care

When you're experiencing a mental health crisis, don't hesitate to call or text 988 to reach a trained clinician at one of more than 200 local centers. Crisis care is available to everyone.
